# Academic Interpretation Leading to Accurate & Meaningful Diagnosis

StrataDx™ has one of the largest centers for oral pathology in the world. Under the leadership of Sook-Bin Woo, DMD, MMSc and Sadru Kabani, DMD, MS, our team of oral pathologists serve as an invaluable resource at the local, regional, and national level. They collaborate extensively to assist clinicians in reaching accurate and meaningful diagnoses for their patients. Our pathologists have close affiliations with leading medical centers including the Harvard School of Dental Medicine where they continue to teach and conduct research, ensuring that the latest techniques and diagnostic approaches are used.

**Sook-Bin Woo, D.M.D., MMSc.**  
Co-Director —  
Center for Oral Pathology
